BUSINESS PROPOSAL

Introduction to the Zed survey and Certificate Scheme

Launched by the ministry of micro,small and medium enterprises, MSME sustainable (ZED) certification scheme is an extensive drive to create awareness amongst MSMEs about zero defect zero effect(ZED) practices and motivate and incentivize them for zed certficaon while also encouraging them to become MSME champions.

Who can join with us

In the ZED certification scheme, various stakeholders can participate, including:

➢ **Micro, Small, and Medium Enterprises (MSMEs):** These are the primary entities targeted by the ZED scheme to enhance their competitiveness and quality standards.

➢ **Industry Associations and Clusters:** These organizations often play a crucial role in facilitating the implementation of ZED practices among their member enterprises.

➢ **Trust & NGO:** The Z certification trust typically collaborates with NGOs (Non-Governmental Organizations) that align with their mission and values. NGOs interested in joining or partnering with the Z certification trust would typically need to demonstrate their commitment to sustainable practices, ethical standards,

➢ **Consultants and Experts:** They offer guidance and assistance to MSMEs in adopting ZED practices and achieving certification.

➢ **Financial Institutions:** They may offer financial support or incentives to MSMEs that participate in and achieve ZED certification.

➢ **Academic and Research Institutions:** They contribute by conducting research, developing technologies, and providing training related to ZED principles.
